LINEAGE

THE FIRST RELEASE FROM CARMEL'S IN-HOUSE BREEDING PROGRAM, DIM MAC WAS BORN BY CROSSING DREW'S DARK HELMET WITH A MAC MALE. THE RESULT IS A BEAUTIFUL FLOWER THAT DELIVERS THE BEST OF BOTH GENETICS. THE APPEARANCE IS MORE MAC LEANING WITH THE DENSITY AND FLAVOUR PROFILE OF DARK HELMET. UPON INHALE EXPECT AN ULTRA SMOOTH SMOKE THAT DELIVER HINTS OF CREAMY CITRUS AND COOKIE DOUGH.
