## BIO

PHENO HUNTED BY US IN HOUSE, AND BRED BY PURPLE CITY GENETICS. SLURTY3 WAS CREATED BY CROSSING SLURRICANE AND GELATTO 33. THIS HEAVY HITTER IS CHARACTERISED BY DENSE MARBLED BUDS AND AN UNFORGETTABLE PUNGENT AROMA OF GAS, CAKE AND FRUIT. BECAUSE IT'S THE RIGHT THING TO DO, ALL OF OUR FLOWER IS HAND DRIED, HAND TRIMMED, SLOW COLD CURED, AND HAND PACKAGED. WE BELIEVE FRESH AND TERPY IS BEST, SO ALL OUR FLOWER IS PACKAGED IN A NITROGEN FLUSHED POUCH WITH A HUMIDITY PACK. NON IRRADIATED, OBVIOUSLY.
